PRICE THREE CENTS

COUNTERFEITERS BEWARE.

A Michigan Concern Enjoined.

(From the Rochester Morning Herald.)

The following injunction has been obtained by the Hop Bitters Company, of Rochester, N. Y., against Collatinus D. Warner, of Reading, Michigan, prohibiting him from manufacturing or selling "German Hop Bitters."

The President of the United States of America to Collatinus D. Warner, of Reading, Mich., his servants, workmen, salesmen and agents, and each and every one of them:

Whereas, it has been represented unto the Justices of our Circuit Court, the Hon. Stanley Matthews, and the Hon. Henry B. Brown, at Detroit, within and for said district, sitting as a court of Chancery, that you, Collatinus D. Warner, are manufacturing and selling a medicine named German Hop Bitters, in fraudulent imitation of the Hop Bitters made and sold by complainant; your said medicine being devised, calculated and intended to mislead the public into purchasing such counterfeit goods as the manufacture of the complainant.

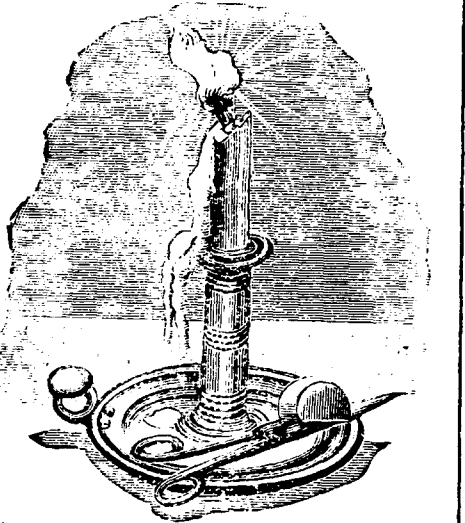

We therefore, in consideration of the premises, do strictly enjoin you, the said Collatinus D. Warner and all and every the persons before named, from using the words "Hop Bitters" on any fluids contained in bottles so as to induce the belief that such fluids are made by complainant; and further, from manufacturing, selling or offering for sale, any bitters or other fluids in the bottles and with labels, and in the general form in which you were manufacturing and selling the bitters, called by you German Hop Bitters, on the filling of the bottle; or in any other bottles, or with any other labels contrived or designed to represent or induce the belief that the bitters or fluids sold by you are the goods of the complainant, until the further order of the court.

Witness the Honorable MORRISON R. WATTE, Chief Justice of the United States. At Detroit, this 15th day of July, A. D. 1885. [L. S.] Walter S. Harsha, clerk.

Prosecute the Seizures!

It when you call for Hop Bitters the drug-gist hands out anything but "Hop Bitters" with a green cluster of Hops on white label, shun that druggist as you would a viper; and if he has taken your money for a bogus stuff, indict him for the fraud and sue him for damages for the swindle, and we will reward you liberally for the conviction.

See U. S. Court injunction against C. D. Warner, Reading, Mich., and all his salesmen, agents, druggists, and other imitators.

"THE OLD FOLKS AT HOME."

WHITE SEAL BURNING OIL

The New York board of health estimates that 30,000 lives have been destroyed by the explosive quality of kerosene. If every household would adopt the White Seal oil for family use, none of those unfortunate accidents would occur.

WHITE SEAL BURNING OIL has none of the defects usually found in common oils. It cannot be exploded, does not char the wick, will not smoke, emits no offensive odor, and prevents the breaking of chimneys.

WHITE SEAL BURNING OIL is a rich oil for illuminating purposes. It is as light in color as pure spring water. It gives a strong steady light, and burns much longer than common oils.

If the White Seal Burning Oil is not sold in your vicinity, send your order direct to us for a barrel or a case containing two neat five gallon cans.

WITH FURY

Were the Vessels Lashed About the Lakes by the Recent Disastrous Gale.

Dragged from their Moorings, the Ships are Shattered, Sunk and Lost.

Many Lives Lost and the Story of Death is Not Half Told.

MORE OF IT.

Great Loss to Shipping, Caused by the Gale.

By Telegraph to THE SENTINEL. CHICAGO, Sept. 10.—The easterly gale which swept the lakes Tuesday and yesterday was more severe and greater in area than any one of the season. The west shore, between Chicago and Milwaukee, is filled with floating lumber, shingles and lath, and in various places small pieces of wreckage have been seen. A number of vessels are long overdue her.

VESSEL WRECKED.

An unknown vessel was wrecked at Two Rivers, Wis., yesterday. The shore is strewn with sails, rigging and cabinet furniture. A part of the hull which looks to be badly broken up, is about five miles north of Harbor Piers. Nothing has been found to indicate the name of the vessel except a piece of monkey rail, painted white with black letters spelling "Milton" on it. No bodies have been discovered.

Reports are still coming in along the lake of vessels being driven ashore and wrecked, and others seen on the lake, apparently in distress, who could not be reached during the storm. It is feared the loss of life and property will be very great.

TWO PERSONS DROWNED.

Point Colburn, Ont., Sept. 10.—The schooner Erie was capsized off Long Point during the gale Tuesday night. A woman named Mrs. McPherson, from Port Burwell, a cook, and Edward Strange, a passenger, were drowned. Captain Stafford and three of the crew hung to the wreck and were rescued by the steamship Indian.

THE GALE ABATED.

CHICAGO, Sept. 10.—The fierce gale has at last abated and a vast fleet; wind bound here, to-day began to clear.

COLLECTING AID.

CINCINNATI, Sept. 10.—The chamber of commerce has appointed a committee of five, of which J. H. Stewart, general manager of the Cincinnati, Washington and Baltimore, is treasurer, to collect funds for the relief of the sufferers from the tornado at Washington Court House. The Adams and Baltimore and Ohio express and the Midland and Little Miami railroads offer to carry all donations of goods free of charge. One business firm has telegraphed Mayor Barclay to draw upon them for \$100.

GREAT DISASTER.

DETROIT, Mich., Sept. 10.—Reports from Lake Huron indicate that the storm of Tuesday and Wednesday was the heaviest that has been experienced for years. From Oscoda it is reported Susan Ward, the Keepsake and the barge Wyandotte were almost broken to pieces by waves. All have broken from the moorings and sunk in a few feet of water. The barge S. E. Marvin, valued at \$26,000, has dragged anchor, and fears for her safety are entertained. Other vessels are on the lake, but their fate unknown. A small schooner, Erie Wave, a steam barge, R. Wallace and Garden City lost their bows and are in Sand Beach harbor. A large black schooner, with three spars and no topmasts, went ashore at Whetstone Point yesterday afternoon and a heavy sea is breaking completely over her.

Sudden Death of a Peddler.

By Telegraph to THE SENTINEL. WABASH, Ind., Sept. 10.—This morning Coroner Zimmerman was summoned to Urbana, nine miles north of this city, by the announcement of the death of a stranger named A. G. Boyd, a peddler from South Toledo.

Struck by the Mail Train.

By Telegraph to THE SENTINEL. MUNCIE, Ind., Sept. 10.—A. B. Freeman, a deaf mute, while crossing the Lake Erie and Western railroad, near

Albany, yesterday afternoon, was struck by the mail train. His wagon was torn to pieces and he was killed.

Echoes of the Storm.

By Telegraph to THE SENTINEL. CINCINNATI, Sept. 10.—Washington C. H., the scene of one of the most disastrous visitations by the elements Tuesday night, is the county seat of Fayette County. It has had a most extraordinary business growth in the past fifteen years, and being the center of a rich agricultural district, with excellent railroad facilities, it had grown to be a business place of considerable importance. Its residents had beautified the town with tasteful dwellings, and its recently completed court-house was the best in the State. To-day this prosperous town is a mass of ruins. Tuesday night's experience of its inhabitants has no parallel in the experience of any town in Ohio. A heavy rainfall began about 8 o'clock. That and the darkness drove everybody into shelter, so that while there are some who say they saw funnel-shaped clouds, it does not seem possible that there could have been such observation of the heavens. Shortly after the rain began, the wind came with a terrifying sound. Its work was almost instantaneous. People say it was over in two minutes, but no one could take note of time in such a fearful experience. When the fierceness of the storm had passed, and men could communicate with each other, it was found that all were in darkness. The gas works were destroyed, and all the street lights were out. Only by lightning flashes were the people able to catch glimpses of the desolation that had wrecked their little city. With daylight came a most disheartening scene. The fair town of the day before lay torn and wrecked in disordered heaps, the streets well high impassable from the trees and parts of houses cast into them. The great wonder is that more lives were not lost. In the Odd Fellows' hall forty members were gathered at a meeting in the second story. When the storm came, the building was literally thrown down, yet not one was injured. Thirty-one went down with the ruins, and escaped, while nine clung to the walls of the adjoining block, and were rescued by ladders. The Commercial Gazette's special says the people were not frightened until they heard a rattle of signs thrashing in the terrific storm. It kept getting worse and worse until the largest and most substantial brick and stone structures of the city heaved to and fro at the mercy of the steadily increasing gale. Bricks and beams, roofs, fences and almost every conceivable thing that could be wrecked loose, flew through the air with terrific force. It is not known what the total loss will amount to, but the losses so far as known are given as follows: Odd Fellows, \$1,500; James Bragg, \$3,000; P. J. Burke, \$3,000; Baker & Walton, \$6,000; White & Ballard, \$20,000; Cincinnati and Mount Vernon Railway, \$3,000; L. C. Coffman, \$10,000; Dennis & Salisbury, \$4,000; Stinhard, \$1,000; Bug & Son, \$1,000; George Bailey, \$8,000; D. Shannon, \$1,000; C. O. Stevens, \$1,000; A. DeWitt, \$1,500; Thomas Craig, \$1,000; C. C. Lawhead, \$3,000; P. S. Collins, \$1,500. These losses are upon buildings alone, and are far from complete. Among the incidents of the disaster was the blowing of the house of W. Thorp to pieces and entirely out of sight. The three occupants were dragged across the street, with only Mrs. Thorp severely injured. The others had but slight wounds. The house cannot be found. Lebanon, O., reports four houses unroofed in the country. Dublin, Ind., reports severe damage in the country in that vicinity, twelve houses being demolished, but no loss of life.

Governor Hoadly was present and subscribed \$100 for the relief of the sufferers. He returned to Columbus, saying he would issue an appeal to the people of Ohio for aid.

Other specials have been received, and damages reported. At Lancaster the main building at the Reform Farm was unroofed.

Statue Unveiled.

By Telegraph to THE SENTINEL. NEWPORT, R. I., Sept. 10.—The statue of Commodore Perry was unveiled this afternoon with imposing ceremonies.

A Physician's Testimony.

In the treatment of lung and bronchial diseases the liver is often implicated to such an extent that a hepatic remedy becomes necessary in effecting a cure of the lungs. In the treatment of such cases I prescribe Simmons' Liver Regulator with entire satisfaction. I find that it acts mildly but effectively in regulating the secretions of the liver, stomach and bowels.

Blow Up a Hotel, Saloon and Residence.

By Telegraph to THE SENTINEL. LIMA, O., Sept. 10.—On Tuesday night an attempt was made to blow up with dynamite the hotel, saloon and residence of Neal & Bidwell, in the village of Westminster, not far from this place. The saloon had recently been opened, and its presence was hotly opposed by some of the inhabitants. This opposition is credited with inspiring the effort. The whole front of the first story was blown away and the interior wrecked. Neal and family, occupying upper rooms, were thrown from their beds and injured.

Serious trouble is feared as soon as the miners think they have an opportunity to carry out their threat.

Nail Workers in Session.

By Telegraph to THE SENTINEL. CINCINNATI, Sept. 10.—The regular monthly meeting of the Western Nail Association was held yesterday, with a large number of representatives present. The following resolutions were unanimously adopted:

Resolved: That we deprecate the acts of violence on the part of discharged and striking workmen in certain localities, and the threats that have been made elsewhere against workmen engaged in our mills, under the manufacturers' scale. We therefore renew our pledge to the workmen in, or who may hereafter be in our employ, to stand by and sustain them in their action.

Resolved: That, believing the prices fixed by the manufacturers scale to be fair and liberal toward the workmen, we will adhere to those prices, and not operate our mills on any other basis, having the assurance that those prices will be accepted by all fair-minded and liberal men who desire the welfare and prosperity of their several communities.

Resolved: That we re-affirm the \$2.25 card price of nails, with the usual discounts.

The Liver at Its Work.

As the blood goes on its rounds through your body it passes through the liver to be cleansed. In each of the little cells or chambers of the liver it leaves a deposit. The liver picks this up and makes it into bile, sending it in that form to do its work in other parts of the body. If the liver neglects work Brown's Iron Bitters will correct it and set everything right. Mr. D. Fitzpatrick, Jackson, Miss., says: "I used Brown's Iron Bitters as a blood purifier and it has made me well."

The company is in arrears for July and August, and Indiana's new law, if legal, seems to be non-effective in this case, as the road is in the hands of a receiver. THE TEST CASE.

The Central Union Telephone Company in Court for Law Violation.

The papers in the test cases against the telephone company are now finished and part of them were filed yesterday in the criminal court at Indianapolis. It was designed by the attorneys, Messrs. Harris & Calkins and Byfield & Howland, to test the matter both in the form of a criminal prosecution, under the penal clause of the new law, and also in the form of a mandate in a civil suit. To that end an information has been filed in the criminal court against John E. Hackett, superintendent of the company in this state, charging him with violating the new law, and supporting the information by affidavits of P. E. Coffin, an employe of Theodore P. Haughey, W. K. Thompson and Fletcher Noe. The affidavits recite the excess charges for telephone service made by the company in violation of the new law. The contest is of unusual interest, for if the new law is held good, telephone rental must be reduced throughout the state. These cases will be pushed rapidly. The company will, of course, appeal to the supreme court, and it is intended to have the whole matter ready for presentation to that body when it meets Monday. Messrs. Hord & Hendricks are attorneys for the company.

HEBREW NEW YEAR.

The Occasion, Its Observances and Sacred Peculiarities.

The Hebrew new year, 5645 of the calendar, began last evening and Rabbi Israel Aaron delivered a masterly sermon at Aethuth Vescholem synagogue, where impressive ceremonies are held. The new year day falls upon the first day of the month Tishri, and it may vary between the first and last days of September, according to the calendar, which depends upon the changes of the moon. The year in this calendar consists of twelve lunar months, and every nineteen years seven months are added. The third, sixth, eighth, eleventh, fourteenth, seventeenth and nineteenth years are leap years, and have thirteen months. This is done to keep pace with the common calendar. Days of repentance commence with the new year, lasting for ten days, closing with "Yom Hakipur," which is the tenth day of Tishri. In the orthodox synagogue the custom is to blow a horn or trumpet three or four times during the service, which is held on each of the ten days following the new year, in order to arouse the sinner to a sense of his sins. The last of the ten days, or Yom Hakipur, is called the day of atonement, or day of forgiveness, and is also a fast day in the orthodox branch.

IN COURT.

A Quartet of Crooks Quickly Committed to Prison.

Joe Manier, Frank Reed, Dick Hines, Richard Maxwell, John Wilson, John Rosenberger and Sam Dow, indicted by the grand jury yesterday, were arraigned for trial this morning. Maxwell pleaded guilty to petit larceny and was sentenced to one year in the prison north. He has a flowing moustache, which will soon be clipped by the prison barber.

Frank Reed, for larceny, was sentenced to the penitentiary for one year. Dick Hines, for burglary, was sent up for two years.

John Wilson, the cow thief, was committed to prison for two years.

A Crook Escapes.

Chief Diehl last night received a telegram to arrest Frank Cassidy, a negro, who has officiated as second cook at the Aveline house for the last eleven days. The fellow went by the name of Frank Lowry and he is wanted at Cleveland for burglary. He sent a registered letter to his wife at Cleveland and his whereabouts was discovered. Captain Diehl went to the Aveline house and had the cook called to a room off the dining hall. When the coon caught sight of the officer, he shot through the hallway and leaped from the second floor into the alley south of the hotel. He fled south without hat or coat. Captain Diehl might have shot the fugitive, but he did not know that his crime warranted the act. Later Cassidy went to the residence of John Brown, head cook at the Aveline. He had a hat and coat on and remarked, "Dey'll not catch dis coon dis side of St. Louis, I tell ye boss." He has not been caught.

Enforce the Fish Ladder Law.

The new law on fish ladders is now in force and it becomes the duty of dam owners to erect such or they will be erected by the township trustee and charged to the owners. The law provides that these must be erected on all streams and maintained by said owners, within six months from the passage of the act of March 5th, 1885. A failure on the part of dam owners to comply with the provisions of the act necessitates the intervention of the trustee, who shall proceed to make such improvement, whether in or out of an incorporated

town and to charge against the dam owners or water power.

It is expected he will make arrangements before his return, with the executive committee of his road for the completion of the proposed Rockford and Greenville branch, now talked of in Michigan as an extension to the main line.

A Michigan Concern Enjoined.

(From the Rochester Morning Herald.)

The following injunction has been obtained by the Hop Bitters Company, of Rochester, N. Y., against Collatius D. Warner, of Reading, Michigan, prohibiting him from manufacturing or selling "German Hop Bitters."

The President of the United States of America to Collatius D. Warner, of Reading, Mich., his servants, workmen, salesmen and agents, and each and every one of them:

Whereas, it has been represented unto the Justices of our Circuit Court, the Hon. Stanley Matthews, and the Hon. Henry B. Brown, at Detroit, within and for said district, sitting as a court of chancery, that you, Collatius D. Warner, are manufacturing and selling a medicine named German Hop Bitters, in fraudulent imitation of the Hop Bitters made and sold by complainant; your said medicine being devised, calculated and intended to mislead the public into purchasing such counterfeit goods as the manufacture of the complainant.

We therefore, in consideration of the premises, do hereby enjoin you, the said Collatius D. Warner, and all and every the persons before named, from manufacturing, selling or offering for sale, any bitters or other fluids in bottles and with labels, and in the general form in which you were manufacturing and selling the bitters, called by you German Hop Bitters, on the filing of the bill; or in any other bottles, or with any other labels contrived or designed to represent or induce the belief that the bitters sold by you are the goods of the complainant, until the further order of the court.

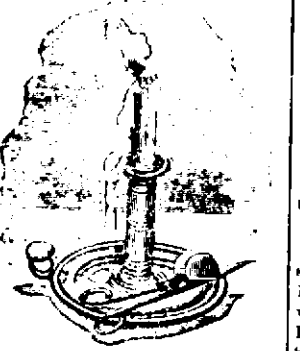

Witness the Honorable MERRICK B. WHITE, Chief Justice of the United States, at Detroit, this 10th day of July, A. D. 1885.

Walter S. Harsh, clerk.

I promulgate the foregoing.

If when you call for Hop Bitters the drug get hands out anything but "Hop Bitters" with a green cluster of hops on white label, show that drugist as you would a snake; and if he has taken your money for a bogus stuff, indict him for the fraud and sue him for damages for the snarl, and let him reward you liberally for the conviction.

See U. S. Court Injunction against C. D. Warner, Reading, Mich., and all his salesmen, agents, druggists and other imitators.

WHITE SEAL BURNING OIL

The New York board of health estimates that 200,000 lives have been destroyed by the excessive use of kerosene. If every household would adopt the White Seal Oil for family use, none of these unfortunate accidents would occur.

WHITE SEAL BURNING OIL has none of the defects usually found in cheap oil. It cannot be adulterated, does not char the wick, will not smoke, emits no offensive odor, and prevents the breaking of chimneys.

WHITE SEAL BURNING OIL is a rich oil for illuminating purposes. It is as bright in color as pure spring water. It gives a steady, bright, and warm light, longer than common oil.

If the White Seal Burning Oil is not sold in your vicinity, send your order direct to us for a barrel or a case containing two neat five-gallon cans.

Were the Vessels Lashed About the Lakes by the Recent Disastrous Gale.

Dragged from their Moorings, the Ships are Shattered, Sunk and Lost.

Many Lives Lost and the Story of Death is Not Half Told.

MORE OF IT.

Great Loss to Shipping, Caused by the Gale.

By Telegraph to THE SENTINEL.

CHICAGO, Sept. 10.—The easterly gale which swept the lakes Tuesday and yesterday was more severe and greater in area than any one of the season. The west shore, between Chicago and Milwaukee, is filled with floating lumber, shingles and lath, and in various places small pieces of wreckage have been seen. A number of vessels are long overdue her.

VESSEL WRECKED.

An unknown vessel was wrecked at Two Rivers, Wis., yesterday. The shore is strewn with sails, rigging and cabinet furniture. A part of the hull which looks to be badly broken up, is about five miles north of Harbor Pierre. Nothing has been found to indicate the name of the vessel except a piece of monkey rail, painted white with black letters spelling "Milton" on it. No bodies have been discovered.

Reports are still coming in along the lake of vessels being driven ashore and wrecked, and others seen on the lake, apparently in distress, who could not be reached during the storm. It is feared the loss of life and property will be very great.

TWO PERSONS DROWNED.

PORT COLBERT, Ont., Sept. 10.—The schooner Eric was capsized off Long Point during the gale Tuesday night. A woman named Mrs. McPherson, from Port Burwell, a cook, and Edward Strange, a passenger, were drowned. Captain Stafford and three of the crew hung to the wreck and were rescued by the steamship Indian.

THE GALE ABATED.

CHICAGO, Sept. 10.—The fierce gale has at last abated and a vast fleet; wind bound here, to day began to clear.

COLLECTING AID.

CINCINNATI, Sept. 10.—The chamber of commerce has appointed a committee of five, of which J. H. Stewart, general manager of the Cincinnati, Washington and Baltimore, is treasurer, to collect funds for the relief of the sufferers from the tornado at Washington Court House. The Adams and Baltimore and Ohio express and the Midland and Little Miami railroads offer to carry all donations of goods free of charge. One business firm has telegraphed Mayor Barclay to draw upon them for \$100.

GREAT DISASTER.

DETROIT, Mich., Sept. 10.—Reports from Lake Huron indicate that the storm of Tuesday and Wednesday was the heaviest that has been experienced for years. From Oscoda it is reported Susan Ward, the Keequake and the barge Wyandotte were almost broken to pieces by waves. All have broken from the moorings and sunk in a few feet of water. The barge S. F. Marvin, valued at \$26,000, has dragged anchor, and fears for her safety are entertained. Other vessels are on the lake, but their fate unknown. A small schooner, Eric Wave, a steam barge, R. Wallace and Garden City lost their bows and are in Sand Beach harbor. A large black schooner, with three spars and no topmasts, went ashore at Whetstone Point yesterday afternoon and a heavy sea is breaking completely over her.

Echoes of the Storm.

By Telegraph to THE SENTINEL.

CINCINNATI, Sept. 10.—Washington C. H., the scene of one of the most disastrous visitations by the elements Tuesday night, is the county seat of Fayette County. It has had a most extraordinary business growth in the past fifteen years, and being the center of a rich agricultural district, with excellent railroad facilities, it had grown to be a business place of considerable importance. Its residents had beautified the town with tasteful dwellings, and its recently completed court house was the best in the State. To-day this prosperous town is a mass of ruins. Tuesday night's experience of its inhabitants has no parallel in the experience of any town in Ohio. A heavy rainfall began about 8 o'clock. That and the darkness drove everybody into shelter, so that while there are some who say they saw funnel-shaped clouds, it does not seem possible that there could have been such observation of the heavens. Shortly after the rain began, the wind came with a terrifying sound. Its work was almost instantaneous. People say it was over in two minutes, but no one could take note of time in such a fearful experience. When the fierceness of the storm had passed, and men could communicate with each other, it was found that all were in darkness. The gas works were destroyed, and all the street lights were out. Only by lightning flashes were the people able to catch glimpses of the desolation that had wrecked their little city. With daylight came a most disheartening scene. The fair town of the day before lay torn and wrecked in disordered heaps, the streets well nigh impassable from the tress and parts of houses cast into them. The great wonder is that more lives were not lost. In the Old Fellows' hall forty members were gathered at a meeting in the second story. When the storm came, the building was literally thrown down, yet not one was injured. Thirty-one went down with the ruins, and escaped, while nine clung to the walls of the adjoining block, and were rescued by ladders. The Commercial Gazette's special says the people were not frightened until they heard a rattle of signs thrashing in the terrific storm. It kept getting worse and worse until the largest and most substantial brick and stone structures of the city heaved to and fro at the mercy of the steadily increasing gale. Bricks and beams, roofs, fences and almost every conceivable thing that could be wrecked loose, flew through the air with terrific force. It is not known what the total loss will amount to, but the losses so far as known are given as follows: Old Fellows, \$1,500; James Bragg, \$3,000; P. J. Burke, \$2,000; Baker & Walton, \$6,000; White & Ballard, \$20,000; Cincinnati and Mount Vernon Railway, \$3,000; L. C. Coffman, \$10,000; Dennis & Salisbury, \$4,000; Stinhardt, \$1,000; Bug & Son, \$1,000; George Bailey, \$5,000; D. Shannon, \$1,000; C. O. Stevens, \$1,000; A. DeWitt, \$1,500; Thomas Craig, \$1,000; C. C. Lawhead, \$1,000; P. S. Collins, \$1,500. These losses are upon buildings alone, and are far from complete. Among the incidents of the disaster was the blowing of the house of W. Thorp to pieces and entirely out of sight. The three occupants were dragged across the street, with only Mrs. Thorp severely injured. The others had but slight wounds. The house cannot be found. Lebanon, O., reports four houses unroofed in the country. Dublin, Ind., reports severe damage in the country in that vicinity, twelve houses being demolished, but no loss of life.

Governor Hoody was present and subscribed \$100 for the relief of the sufferers. He returned to Columbus, saying he would issue an appeal to the people of Ohio for aid.

Other special have been received, and damages reported. At Lancaster the main building at the Reform Farm was unroofed.

LIMA, O., Sept. 10.—On Tuesday night an attempt was made to blow up with dynamite the hotel, saloon and residence of Neal & Bidwell, in the village of Westminster, not far from this place. The saloon had recently been opened, and its presence was hotly opposed by some of the inhabitants. This opposition is credited with inspiring the effort. The whole front of the first story was blown away and the interior wrecked. Neal and family, occupying upper rooms, were thrown from their beds and injured.

Nail Workers in Session.

By Telegraph to THE SENTINEL.

CINCINNATI, Sept. 10.—The regular monthly meeting of the Western Nail Association was held yesterday, with a large number of representatives present. The following resolutions were unanimously adopted:

Resolved: That we deprecate the acts of violence on the part of discharged and striking workmen in certain localities, and the threats that have been made elsewhere against workmen engaged in our mills, under the manufacturers' scale. We therefore renew our pledge to the workmen in, or who may hereafter be in our employ, to stand by and sustain them in their action.

Resolved: That, believing the prices fixed by the manufacturers' scale to be fair and liberal toward the workmen, we will adhere to those prices, and not operate our mills on any other basis, having the assurance that those prices will be accepted by all fair-minded and liberal men who desire the welfare and prosperity of their several communities.

Annual Reunion.

By Telegraph to THE SENTINEL.

CHICAGO, Sept. 10.—The eighteenth annual reunion of the Society of the Army of the Tennessee began here yesterday. The business meeting occurred in the forenoon, when about two hundred officers and members of the order were present. Gen. Wm. T. Sherman, President of the society, was in the chair. On the stage with him were Gen. Logan and Gov. Oglesby, Marshall, Sherman, and Fletcher. In the body of the audience were Gen. Belknap, John B. Sanborn, M. M. Dione, Clinton B. Fiske, A. Hickenlooper, M. F. Force, and others. The Secretary reported that four members had died during the year, viz: General U. S. Grant, Colonel D. N. Welsh, Captain John E. Jones, and Major Josiah Barber. A committee of five was appointed to draft appropriate resolutions. In view of the death of General Grant, his widow was elected substitute member of the society. The widows of Gen. Crafts, J. Wright, and Major Josiah Barber were also elected substitute members.

After the appointment of committees to select officers and place for meeting next year, the session adjourned until to-day.

A magnificent audience assembled at Central Music Hall last night, when the set orations of the occasion were delivered. The exercises were opened with prayer by Bishop Fallows, who was followed by Governor Richard J. Oglesby, who delivered glowing tributes to the Army of the Tennessee. He was followed by Gen. W. T. Sherman, who spoke at some length. His speech was enthusiastically received.

Chicago, Sept. 10.—The society of the Army of Tennessee held an adjourned meeting this forenoon, General Sherman presiding. The committee appointed, recommending that the next meeting be held at Rock Island, September 15 and 16, 1886, which was concurred in.

The committee appointed to draft resolutions upon the death of General Grant submitted a report, which was adopted.

A resolution was adopted requesting the secretary of war to change the location of the statue of General Rawlins, in the city of Washington, to a more eligible location. A committee was appointed to confer with the secretary of war upon the subject. Adjourned sine die.

"The Walsh employees are still wait-
ing patiently for the paymaster's appear-
ance. The company is in arrears for
July and August, and Indiana's new law,
if legal, seems to be non-effective in this
case, as the road is in the hands of a re-
ceiver. By-the-by, is it not the duty of
receivers to first pay the employees rather
than interest," says the Indianapolis
Journal.
On motion of Mr. Wm. P. Breen,

THE TEST CASE.
The Central Union Telephone
Company in Court for Law
Violation.
The papers in the test cases against
the telephone company are now finished
and part of them were filed yesterday in
the criminal court at Indianapolis. It
was designed by the attorneys, Messrs.
Harris & Calkins and Byfield & How-
land, to test the matter both in the form
of a criminal prosecution, under the
penal clause of the new law, and also in
the form of a mandate in a civil suit. To
that end an information has been filed
in the criminal court against John E.
Hackett, superintendent of the company in
this state, charging him with violating
the new law, and supporting the informa-
tion by affidavits of P. E. Coffin, an
employee of Theodore P. Haughey, W.
K. Thompson and Fletcher Noe. The
affidavits recite the excess charges for
telephone service made by the company
in violation of the new law. The contest
is of unusual interest, for if the new law
is held good, telephone rental must be
reduced throughout the state. These
cases will be pushed rapidly. The com-
pany will, of course, appeal to the su-
preme court, and it is intended to have
the whole matter ready for presentation
to that body when it meets Monday.
Messrs. Hord & Hendricks are attorneys
for the company.
HEBREW NEW YEAR.
The Occasion, Its Observances
and Sacred Peculiarities.
The Hebrew new year, 5645 of the
calendar, began last evening and Rabbi
Israel Aaron delivered a masterly sermon
at Aeliduth Vasholem synagogue, where
impressive ceremonies are held. The
new year day falls upon the first day of
the month Tishri, and it may vary be-
tween the first and last days of Septem-
ber, according to the calendar, which de-
pends upon the changes of the moon.
The year in this calendar consists of
twelve lunar months, and every nineteen
years seven months are added. The
third, sixth, eighth, eleventh, fourteenth,
seventeenth and nineteenth years are
leap years, and have thirteen months.
This is done to keep pace with the com-
mon calendar. Days of repentance com-
mence with the new year, lasting for ten
days, closing with "Yom Hakipur,"
which is the tenth day of Tishri. In the
orthodox synagogue the custom is to
blow a horn or trumpet three or four
times during the service, which is held
on each of the ten days following the
new year, in order to arouse the sinner
to a sense of his sins. The last of the
ten days, or Yom Hakipur, is called the
day of atonement, or day of forgiveness,
and is also a fast day in the orthodox
branch.

A Crook Escapes.
Chief Diehl last night received a tele-
gram to arrest Frank Cassidy, a negro,
who has officiated as second cook at the
Aveline house for the last eleven days.
The fellow went by the name of Frank
Lowry and he was wanted at Cleveland for
burglary. He sent a registered letter to
his wife at Cleveland and his whereabouts
was discovered. Captain Diehl went to
the Aveline house and had the cook
called to a room off the dining hall.
When the cook caught sight of the offi-
cer, he shot through the hallway and
leaped from the second floor into the
alley south of the hotel. He fled south
without hat or coat. Captain Diehl
might have shot the fugitive, but he did
not know that his crime warranted the act.
Later Cassidy went to the residence of
John Brown, head cook at the Aveline.
He had a hat and coat on and remarked,
"Hey! I'll not catch this coon this side of St.
Louis, I tell ye boss." He has not been
caught.
Enforce the Fish Lander Law.
The new law on fish landers is now in
force and it becomes the duty of dam
owners to erect such or they will be
erected by the township trustees and
charged to the owners. The law pro-
vides that there must be erected on all
streams and maintained by said owners,
within six months from the passage of
the act of March 5th, 1885. A failure to
the part of dam owners to comply with
the provisions of the act necessitates the
intervention of the trustees, who shall
proceed to make such improvement,
whether in or out of an incorporated

town and to charge against the dam
owners or water power.
